

Loudspeakers with outstanding sound characteristics and innovative technology

- Universal on-wall speaker system that can be expanded to a large home cinema setup
- Flat format with 3 different front covers for perfect integration in a living room environment
- Pre-mounted flat wall bracket / prepared for VESA standard bracket
- New Fluktus tweeter with 25 mm fabric dome and computer-optimised multi-corrugated front panel for perfect dispersion characteristics
- Woofer-midrange with light long-fibre cone, flat long-fibre dustcap, long-throw surround and high-performance voice coil, optimised for low-distortion signal transmission

HIGHLIGHTS

Drivers

- Tweeter with 25 mm silk compound dome, high load capacity due to ferrofluid cooling, powerful magnet system and Fluctus acoustic flange geometry
- Bass-midrange driver specially optimized for the compact housing with a lightweight long fiber cone, flat dust cap made from the same material, long-throw surround and heavy-duty voice coil
- Bass-midrange driver with a solid, coated steel basket and a high-quality trim that is secured in place by 6 screws (Ambient 22F, Ambient 44F)

Crossover

- Elaborated phase and amplitude optimized crossover with high-quality components
- High-quality connecting terminal with solid, gold-plated and capsulated screw connectors

Cabinet

- Elegant, flat and sturdy housing design
- Front panel with a high quality silk matte lacquer finish
- Three high-quality front covers with different acoustic material designs and invisible magnetic mounts are included in delivery
- Sturdy metal wall brackets for vertical and horizontal wall mounting
- Additional support for wall brackets according to the widely used VESA standard; hole pattern 100x100mm M4
- Sturdy metal wall brackets for vertical and horizontal wall mounting
- Bass reflex construction with flow-optimized reflex tube on both sides (Ambient 22F, Ambient 44F)

HIGHLIGHTS AMBIENT Sub 88F

Equipment

- Adjustable volume and crossover frequency
- Low-level stereo inputs
- LED on the front
- Automatic power-down
- Mains switch

Drivers

- High-power long-throw woofer with hardened paper cone, high-performance voice-coil and powerful ferrite magnet system
- Bass reflex construction with two reflex tubes that are airflow-optimized on both sides
- Down-fire woofer

Cabinet

- The extremely flat cabinet design and the control panel fitted in the bottom side allow individual mounting: lying flat or standing upright
- Very solid MDF construction
- High-quality matt satin lacquering
- Highly-damping silicone grip feet
- Wall fastening device included (for upright mounting)

Amplifier

- High-performance class-D power amplifier
- Real-time limiter for maximum power at high volume levels
- Active SPL equalization
- Low power consumption in standby mode < 0.5 watts
